

POWERFUL FUEL INJECTOR CLEANER

PART#	NET WT.	UPC	CASE QTY.
16-FIC	15.5oz/458mL	0-32167-20013-9	12
Restores Lost Power and Improves Performance			

DESCRIPTION:

B'laster Fuel Injector Cleaner restores lost power and improves performance and mileage. It will clean and condition fuel injectors, fuel pumps and fuel systems. Feed ports and tips are left cleaned, lubricated, balanced and clog-free. Fuel Injector Cleaner removes harmful carbon and varnish deposits from upper cylinders, manifolds, exhausts and converters.

B'LAST ON:

Automotive, Marine, Motorcycle, small engines, two-cycle & four-cycle engines

DIRECTIONS FOR USE:

Pour ½ Bottle into Gas Tank. Rule of thumb is ½ oz of product for every gallon of gasoline. It is suggested that you add the fluid to your fuel tank prior to adding gasoline to insure proper mixing.

SAFETY:

DANGER! FLAMMABLE. VAPOR HARMFUL: Keep away from open flame and heat. Contains petroleum distillates.

Exposure Symptoms:

Inhalation: May cause drowsiness, dizziness and central nervous system depression. May cause respiratory tract irritation.

Skin Contact: May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.

Eye Contact: Causes serious eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.

Ingestion: May be fatal if swallowed and enters airways. This product may be aspirated into the lungs and cause chemical pneumonitis. May cause stomach distress, nausea or vomiting.

TYPICAL PROPERTIES:

Flash Point: 71°F (22°C)

Density (20°C): 7.1 lbs/gal

Specific Gravity (20°C): 0.815

Boiling Point: 168.8°F (76°C)

Product Category:

Carburetor or Fuel Injection Air Intake Cleaner

Body Shop Safe: N/A

Base Type: Petroleum

Appearance: Red

Spray Pattern: N/A

Odor: Aromatic

Temperature Range: 0 to 120°F

Clean-Procedures: Spills can be removed with warm water and dish washing detergent.
