

# NOTICE

The State of California has determined that the release of R-134A, the refrigerant in your car's A/C system, contributes to global warming.

**It is your responsibility to understand proper re-charging techniques before servicing your air conditioner.**

**Resources available include:**

- Product label instructions
- Sales associate at store

Scan the QR code or visit  
[Blasterproducts.com/CARB](https://blasterproducts.com/CARB)

It is illegal to destroy or discard used or unused small refrigerant containers under Section 95360 et seq. of the California Code of Regulations.
